About us

We are a family business in the third generation. For more than 80 years, we have been passing on our knowledge, our experience and the traditional art of baking to the next generation. We attach great importance to genuine baking craftsmanship and the use of regional and exquisite ingredients.

In order to do justice to our quality awareness, we process as many raw materials as possible from the region. The wheat and rye are grown in the Pfyn estate. The organic AOP rye in Brentjong above Leuk. This connection makes us a baker from the region for the region.

For our regional specialties, we have rediscovered the grape seed. We press, paint and bake it in our in-house manufactory "Fructum Vitis". You can taste and buy the valuable products in our shops.

Discover our passion and let yourself be enchanted. Our staff will be happy to advise you.

Die Bäckerei Mathieu

Did you know...

Our doughs enjoy a resting time of 18 to 24 hours and are gently processed.

The natural production with the in-house pre-dough, brewed dough, sourdough and mother yeast makes our breads crispy, aromatic, juicy, digestible and durable.

Thanks to the long shoot guide, the gluten is broken down in the doughs. Our breads are low in FODMAPs, well tolerated and easy to digest.

We use the best flours:
from the region, IPS flour (integrated production Suisse), organic flour, spelt flour, wheat flour, rye flour, organic einkorn flour and gluten-free flour.
